Hares: DR FUCKING JEKYEL & BLUEY

*phuket-hhh.com*

Our French Leader opened the circle just east of Heroine's ( Billy Boy's old stomping ground) to thank our Hares....This is Bluey's first Hare for some time and The Dr's last for some time...due to his return to England..thanks lads !Have a good trip Dr F J!

HASH HORN..Top Off and No Moral Compass was his paper boy..why?

RETURNERS in...only three , eventually...come on in you slow twats!

VIRGINS in...( this is the GM's favourite part)..seven new ones this week three lads, two girls and two kids..really hot today so the GM thought they needed cooling down somewhat...they went out of the circle far cooler than they were when they came in!

VISITING HASHERS...Blue Harlot stood in the circle like a lost soul..what no Visiting Hashers this week...that's a first, for some time...sit back down BH!

STEWARD..just how is this one going to follow last week's?...Blow Job..Wilma in first..last week in JC's stairway to heaven..JB saw Wilma just standing at the top...playing with his cock..what you doing asks BJ..what a wonderful view..what the hills or your cock!..JC and Flying Dickhead next in..last week again..as BJ was doing the 1 in 2 climb up the road JC came wising past in his big fuck off truck..as he got to the top..who got out of the passenger door..Flying Dickhead..you cheating hitch hiking bastard! Fungus and Repressed One..A few weeks ago JB and Fungus were the Hares when we had the plane crash just yards away from the laager site..well that day, Repressed One lost his phone on the Run..and asked BJ to go look for it...yeah..right...anyway the next day one of BJ's wife's mates ( who live by that laager site) thought she saw a ghost stumbling around the crash site ( two people died )..a small grayish figure..oh my God....No... JUST FUNGUS looking for RO's lost phone! Jaws and Top Off..Now Jaws has not had the best of years, breaking most of his bones in his body..the hospital managed to fix him..but informed him that his right leg will always be shorter than his left...but I have some good news and bad..what you want first, asks the Doc..bad news, says Jaws..well you will always have a very bad limp when you walk..and the good news?...here's a discount voucher for Top Off's Taylor's..you can shorten all your trousers..less 35%!...Well BJ..you finished with a cracker, great spot, Thanks!

RUN OFFENSES..Manneken Pis back out first again..Top Off in as Hash Horn..and his paper boy No Moral Compass..what the fuck..who put pink paper on a short cut? Mr Fister calls in Hard On and Master Baker..last week Mr F had some visitors from Aussie so he took them up the Kamala hills..who was there HO and MB..training for this week's Hash..front running bastards! Mr F then calls in Google Ass, as Hash Flash..Mr F was just in front of all the runners ( for first time for some time ), GA was just about to take his pic when those two front running bastards ran in front of him..his moment of fame was lost for ever! Dr Fucking Jekyl gets in Mr Fister..Mr F told us that there has been a complaint that there is no longer a bus from Kathu to the Kamala Koma cos no fucker gets on..so last week Mr F put the bus back on for Kathu pick ups..and what did Mr F say..no fucker got on at Kathu..Oh yes they did...Dr Fucking Jekyl did! Lucky Lek got two of our Virgins in..the Tattooed warriors..what's wrong with you two?...tattoos all over your bodies..did you not have colouring books as kids?

RUN SHIRTS..Tight Fit got his 50 Run shirt ( looks a tad too small to me) and Grave Robber got her 50 Run shirt ( fits a treat!)..well done both

DEPARTERS..well we know Dr Fucking Jekyl is homeward bound to The UK..have a safe trip and see you later in the year, thanks for your hard work for the hash whilst you're here!

HARES in Bluey and Dr F J did a great job..everyone enjoyed it..so Good Run was called and Fungus keeps Hash Shit again!
